NATIONAL DEMOCRATIC CONVENTION OF 1904 WILL BE HELD IN THAT CITY.

DATE IS WEDNESDAY, JULY 6

POLITICAL EXIGENCIES ENTERED INTO SITUATION AND DEFEATED CHICAGO.

Washington, Jan. 12.—The Democratic national committee Tuesday furnished a surprise, selecting St. Louis as the place for holding the national convention in 1904. The date fixed for the convention is Wednesday, July 6, at 11 o'clock. Previous to the meeting of the committee it seemed a foregone conclusion that Chicago would be selected as the place of meeting, but political exigencies entered into the situation and a majority of the committee voted for St. Louis. For some hours previous to the meeting of the committee there was talk in the corridors and among Democratic leaders that the convention in Chicago might be subject to the influence of a strong movement and a strong newspaper influence in favor of some particular candidate. Mr. Knapp of the St. Louis Republic hinted at this in his speech by saying that the convention, if held at St. Louis, would be welcomed by an absolutely fair press. There were two roll calls to select the city. On the first St. Louis received 23 votes, Chicago 20 and New York 6. On the second ballot St. Louis received 28 and Chicago 21.

Committee Favors No Candidate.
The committee covered considerable discussion of politics and the claims of various candidates were advocated by their partisans, but nothing like favoring any candidate appeared in the committee proceedings.

William J. Bryan appeared when the committee had concluded its labors, but his visit was without any apparent political significance. He did not come to the hotel until after the committee had almost completed its business. He was warmly greeted by the members of the committee and invited a number of them to call on him at his hotel in the evening and hold a conference with Chairman Jones at the Shoreham. Asked what he thought of the Panama situation, Mr. Bryan said that he (Bryan) moved with deliberation and events occurred too rapidly in some quarters for him to keep pace with them. In answer to another question he replied that it was yet too early to outline the issues for the coming campaign.

SATISFACTION IN ST. LOUIS.
City Elated Over Obtaining Democratic Convention.

St. Louis, Jan. 12.—Great satisfaction was expressed generally when it became known that St. Louis had won the Democratic convention to be held July 6. Congratulatory messages were sent to Mayor Wells and other members of the Business Men's league, who are in Washington to secure the convention.

The city will give the national committee \$40,000 to defray expenses and the convention will be held in the Coliseum, a vast auditorium erected some years ago as an adjunct to the

exposition building and which has a seating capacity of over 15,000.

The Democratic national convention will be the first national convention of the party held in St. Louis since the nomination of Grover Cleveland in 1888 when Allen G. Thurman was named for the vice presidential candidate.

MEET IN JOINT SESSION.

Woolgrowers and Livestock Association Members at Portland, Ore.

Portland, Ore., Jan. 12.—The delegates to the National Woolgrowers and National Livestock associations met in joint session Tuesday and were heartily welcomed to Oregon and Portland by representative men of the state and city. The Livestock association formally opened its annual meeting and the Woolgrowers after a lengthy business session in the afternoon adjourned sine die.

STREET CAR STRIKES A SLED.

Fifteen Young Persons Injured in the Collision.

Newark, N. J., Jan. 12.—A bobbed laden with fifteen young persons was hit by a trolley car at a street intersection here last evening. All on the big sled were injured, eight of them seriously. Peter Smith, aged eighteen years, probably will not recover. It is charged that an attempt was made by the car to cross ahead of the sled.

DEATH HOURLY EXPECTED.

Former Governor Bushnell of Ohio Critically Ill.

Columbus, O., Jan. 12.—Former Governor Bushnell had a sinking spell Tuesday afternoon and friends feared that he would not survive the night.

At 2 a. m. Former Governor Bushnell's condition was unchanged. The physicians say he may live through the day, but his death is expected at any hour.

Jury to Try Alderman Ellen.

Grand Rapids, Mich., Jan. 12.—A jury has been secured for the trial of Alderman Jacob Ellen, charged with accepting a bribe in connection with the fraudulent deal to put a Lake Michigan water supply contract through the council. The case will open today.

Charged With Larceny.

Birmingham, Ala., Jan. 12.—J. M. Wilcox, former storekeeper for the Southern railway at this point, was arrested Tuesday on an indictment charging larceny of brass and other material belonging to the Southern to the value of \$38,000.

ANSWER FROM RUSSIA.

Japan Will Probably Request It at a Fixed Date.

London, Jan. 12.—A dispatch from Tokyo to Reuters' Telegraph company says that an answer from Russia probably will be asked at a fixed date.

M. Pavloff, the Russian minister at Seoul, has assured Mr. Hayashi, Japanese minister, that the number of Russian legation guards will not exceed 126. The Japanese minister proposed to carry into effect an arrangement by which a collision between the Russian and Japanese guards would be avoided, which arrangement was cordially agreed to by the Russian minister.

A news agency dispatch from Tokyo says that it is understood that Japan has informed Great Britain and the United States that her apparent inaction is not due to a desire for foreign mediation, but to a policy deliberately adopted.

A dispatch to the Daily Mail from Tien Tsin says that the Russians have had a severe brush with brigands at Helao Kusan, near Kirin, Manchuria. Viceroy Tsien of Shanghai has concluded a loan with a German firm for a million taels in order to purchase Krupp mountain guns.

Seoul, Jan. 12.—The emperor of Korea has ordered the opening of Wiju, subject to the acquiescence of China, by telegraph.

The American, English, Russian, Italian and Japanese legations at Seoul are under guard. It is stated that sweeping changes will be made soon in the personnel of the Korean government favorable to Japanese interests.

DYNAMITE MINCES FACES.

Butte Miners Are Killed by Explosion Under Ground.

Butte, Mont., Jan. 12.—Thomas Eslick and Edwin Sampson were instantly killed by a frightful explosion of dynamite Tuesday, a heavy charge exploding several inches from the men's faces.

They ran their machine drill into an old drill hole which had missed fire, and the charge went off while the men were looking at the hole to ascertain the difference in the motion of their machine. Their faces were fairly minced by a shower of stones and rendered unrecognizable. The explosion occurred 1,400 feet under ground in the Original mine, one of Senator W. A. Clark's properties.

Fund Becoming Low.

St. Paul, Jan. 12.—Though the legislature, at the request of the state administration, first set aside \$25,000 and then an additional \$10,000 as a fund to be utilized by the attorney general in pushing the state's fight against the Northern Securities company, a total of \$35,000 has been drawn out by special counsel and a deficit is feared.

Heavy Loss by Fire.

Lewell, Mass., Jan. 12.—Fire last night gutted three business blocks on Merrimack street, causing a loss of \$200,000. Five firemen were injured. O'Donnell & Gilbride, dry goods dealers, were the heaviest losers.

OUTLOOK IS WARLIKE

AMERICAN NAVAL OFFICERS BELIEVE COLOMBIA WILL ATTACK PANAMA.

TROOPS MASS AT TITUMATI

UNITED STATES WARSHIPS TO MAKE DEMONSTRATION ON SAN BLAS COAST.

Colon, Jan. 12.—United States naval authorities here appear to be convinced, from the tenor of the reports which are continually brought in, that Colombia is determined to send an army to attack Panama.

The Panama authorities have received official confirmation of the fact that the Colombian troops at Titumati number at least 4,000 men under the command of Generals Ortiz, Uribe Uribe, Bustamante and Novo. These troops are well armed and supplied with ammunition and have four guns, three steam launches and a large supply of cattle. The district is an unproductive one and the provisions and other supplies which the troops possess have been brought to them from other places.

The government learned these facts from a reliable informant at Titumati, who contrives to send news of events from that distance to Colon by means of signals and trustworthy messengers.

News also has been received that the Indian chief, Inanaquina, has returned to Cartagena to interview the Colombian officers regarding a request made by them for three hundred Indian canyucos (small boats) to be used by the army at Titumati in crossing rivers.

Isthmians Guard Mountain Trails.

Colon Villamil, who is now stationed at Rio Mandinga, at the mouth of the San Blas Bay, in command of 100 Panama soldiers, reports that he has no need of more troops. The colonel said he already had sent out scouts as far as Concepcion to the east and Culebra to the west who have confirmed the belief that the mountain trails are so difficult that it would be an easy matter for the colonel's command to stop an army attempting to pass over them.

A scouting party of United States marines has just left Colon on the steamer Herald for Nombre de Dios, from which place they will send a small boat to Mandikja with the object of undertaking a journey to the Darien district, toward Tiburon. This expedition is likely to be absent for two or three weeks and on its return the naval authorities will have the fullest information obtainable regarding trails, etc.

It is expected that all the warships will leave Colon Wednesday for the purpose of making a demonstration along the San Blas coast. The vessels will land an attacking force the moment information reaches them that Colombian troops have crossed into Panama territory.

There are no signs of a Colombian army in the vicinity of Panama territory on the Pacific. The outlook is apparently warlike.

BY A LARGE MAJORITY.

Marcus A. Hanna Again Elected Senator From Ohio.

Columbus, O., Jan. 12.—The Ohio legislature by separate ballot of the house and senate Tuesday voted to re-elect Marcus A. Hanna to the United States senate for a second term. The result will be formally announced at a joint session today, a joint ballot being unnecessary by reason of Senator Hanna having a clear majority in each branch.

Senator Hanna's re-election is in striking contrast to his election six years ago, when after a most exciting political contest he secured only the requisite number of votes to elect, seventy-three, on joint ballot, the senate on its separate ballot having given a majority of one vote to Robert L. McKisson of Cleveland.

Tuesday Senator Hanna was re-elected by the largest majority ever given to a candidate for United States senator from Ohio. The house cast eighty-six votes for Mr. Hanna, two Republican members being absent, and twenty-one votes for John H. Clarke of Cleveland, the Democratic candidate, one Democratic member being absent. The senate cast twenty-nine votes for Mr. Hanna and four for Mr. Clarke. Mr. Hanna's majority was ninety.

VETERANS PAY TRIBUTE.

Gather at Stations to See Train Bearing General Gordon's Body.

Jacksonville, Fla., Jan. 12.—The body of General John B. Gordon was borne Tuesday 400 miles along the east coast of Florida amid manifestations of grief such as are seldom witnessed. Veterans with bared heads and draped flags gathered as the special train sped by or stopped at some station.

The special train brought the body, the immediate family of General Gordon, the military guard of honor and a few friends of the family.

When the train arrived at Jacksonville, 2,000 people had gathered in the station to pay their respects. The special car carrying the party was attached to a train for Atlanta and left after a stay of about fifteen minutes.

PANAMA QUESTION DISCUSSED.

Senate Devotes Considerable Time to the Subject.

Washington, Jan. 12.—For almost five hours Tuesday the senate debated the Panama question and it was still under consideration when the senate adjourned. The discussion arose over a resolution looking to the arbitration of Colombia's claims on account of the Panama revolution. It was introduced early in the day by Mr. Bacon and was met promptly by a motion on the part of Mr. Lodge to table it. This motion aroused the feeling of senators on the Democratic side, who construed the motion as intended to cut off debate and said they would debate the Panama question on some other resolution if not on this. Finally Mr. Lodge consented to withhold his motion and discussion proceeded throughout the day with the understanding that it should be renewed again today.

Republican senators in their speeches referred to the resolution as a confession of wrong on the part of the United States and expressed the opinion that any agitation of the question at this time would give undue encouragement to the people of Colombia and misrepresent the attitude of this country. Mr. Bacon disavowed any such intention and said that he accepted the resolution as an accomplished fact. A ready response to this pronouncement came from Mr. Hale, and during the course of the debate he and Mr. Bacon practically agreed on a declaration which Mr. Hale intimated that he would offer today in the senate.

Other Republican senators indicated an unwillingness to accept any measure looking to an interference with executive negotiations, while the Democratic senators also intimated objections on other grounds.

The speakers of the day were Senators Bacon, Spooner, Teller, Carmack, Lodge, Aldrich, Platt (Conn.), Hale, Foraker and Cullom.

COVERS VARIETY OF TOPICS.

Debate in House on Panama, Tariff and Other Subjects.

Washington, Jan. 12.—The house Tuesday for more than five hours considered the legislative, executive and judicial appropriation bill, but reached no conclusion on it. A variety of topics, including Panama and the tariff, were discussed during the course of the debate. Mr. Adams (Rep., Pa.), in referring to the dinner recently given in New York city at which Mr. Olney spoke, made reference to the result of the recent New York municipal contest as a victory won by catering to those who desire free license in rum and immorality.

This statement was resented by Mr. Fitzgerald (Dem., N. Y.) in vigorous speech, who in giving the reasons responsible in his opinion for the Democratic victory in New York city warmly assailed the Low administration.

When the item in the bill providing for the expenses of the civil service commission, was reached, Mr. Hepburn (Rep., Ia.) took occasion to express his opposition to the civil service system by striking out the paragraph providing for the expenses of the commission.

Discussion of the civil service was pending when the house adjourned.

ALLEGED BOODLE COMBINE.

St. Louis Grand Jury Investigating Story of Bribery.

St. Louis, Jan. 12.—Investigation into the rumor that a new combine has been formed in the house of delegates to secure boodle money has, it is alleged, produced the information that a \$15,000 bribe was solicited to insure the passage of a bill authorizing the establishment of a pneumatic tube service for the transmission of merchandise, letters and express packages between the union station and the world's fair grounds.

It is alleged that the attempt to secure the bribe money was made within the past two months. A man, who was formerly an attaché of a St. Louis court, but is now under penitentiary sentence for conviction of participation in naturalization frauds, is alleged to have acted for a councilman and collected the bribe from a member of the firm constructing the proposed pneumatic tube system.

It is alleged that controversy over the amount resulted in an agreement on \$10,000 providing the bill was passed. The money was not paid, however, and the bill was reconsidered. The grand jury is investigating the matter.

SERIES OF TRIALS BEGUN.

Attempt to Fix Responsibility for Mabel Bechtel's Murder.

Allentown, Pa., Jan. 12.—The series of trials to fix the responsibility for the murder in October last of Mabel Bechtel, the pretty twenty-one-year-old silk mill girl of this city, was begun before Judge Trevel in the Lehigh county court Tuesday and before adjournment had been taken David Weisenberger, one of the accused lovers of the unfortunate girl, was formally arraigned and acquitted of the murder charge. Alois Eckstein, Mabel Bechtel's fiancé, also charged with complicity in the crime, was called to the bar of the court, and the slow work of selecting a jury to try him was in progress when court adjourned for the day. After Eckstein's case is disposed of the aged mother of the dead girl, Myrtha, the seventeen-year-old daughter, and the two sons, Charles and John, will be tried for complicity in the sensational crime.

Favors an Investigation.

Denver, Jan. 12.—The Colorado federation of labor, in session here, has adopted a resolution favoring the passage by the United States senate of Senator Patterson's resolution directing a senatorial investigation of all conditions in this state.

MADE BUT ONE VISIT

BUILDING COMMISSIONER WILLIAMS TELLS OF INSPECTING IROQUOIS THEATER.

SAW BUILDING PLANS ONCE

BUT ADMITS HE DID NOT LOOK AT THEM FOR MORE THAN FIFTEEN SECONDS.

Chicago, Jan. 12.—Building Commissioner George Williams was the chief witness Tuesday in the inquest over the victims of the Iroquois theater fire. He testified that during the construction of the building he had visited it but once, that time being about two weeks prior to the opening of the theater on Nov. 23. He said that at that time the structural part of the building was completed, but the little things which go to finish it were not in place. He had never looked at the plans of the building except on one occasion when according to his own statement he saw them for perhaps ten or fifteen seconds. He said that he personally knew nothing of the construction of the building, save what knowledge he had obtained from an inspector. This inspector did not report to him personally and Mr. Williams said that all the reports were written in books and that he never examined the books unless somebody made a particular inquiry concerning a certain building.

On the occasion when he visited the theater to consult Architect Marshall regarding some changes he wished to make he considered the theater to be the most fire-proof structure of its kind that he had ever seen. The builders wished to put strips of wood in the rigging loft, but he insisted upon having steel instead. He admitted that he allowed the builders to place pine joists in certain places beneath the stage instead of steel supports as called for by the building ordinance.

Necessary to Produce the Play.
This was done in order to facilitate the working of trap doors, which were a necessity in the production of "Mr. Bluebird."

Commissioner Williams admitted that his department had passed on the arrangement of exits, passage ways and aisles, that the department knew that the ordinance required an exit to be plainly marked by a sign, that appliances for the extinguishment of fire be placed in theaters and then said that the office had never been informed by the inspectors that none of these requirements had been fully met and he did not know before the theater burned whether they had been complied with or not.

He declared that Inspector Laughlin of his department had reported the theater as being in proper shape.

When asked by the coroner who assumed the responsibility he admitted that he, as head of the department, would be compelled to assume it.

Neither he nor any member of his department so far as he knew had any knowledge as to whether automatic sprinklers had been placed in the theater or not. When asked whether he had questioned Inspector Laughlin he said he had asked him no questions at all.

Coroner Trager demanded to know if there was anybody in the office of the building commissioner, whose business it was to see whether the inspectors did their duties. Mr. Williams replied was:

"Once in a while I have done so."

Office Force Too Small.

Commissioner Williams claimed his office force was too small to perform its duties in a more thorough manner. Mr. Williams declared that last October he reported to Mayor Harrison that not one of the theaters in Chicago was complying with the ordinances. The mayor turned over his report to the council, which turned it over to a committee and nothing was ever done.

When asked by the coroner why the theater building was not inspected before it was allowed to be opened, Commissioner Williams said it was inspected on the afternoon of the day on which it was opened. The coroner pointed out that the report simply said the building had been inspected, but did not refer to equipment of any kind. The commissioner replied that the report of an inspection was all he had to show.

Mayor Harrison was subpoenaed by the coroner's jury to appear at the Iroquois theater fire inquest today.

The mayor was summoned as the outcome of a confession from Building Inspector Williams, who acknowledges that the theater managers have been guilty of repeated infractions of the laws designed to protect the lives of their patrons.

BORDERS ON SENSATIONAL.

Portion of Governor Cummins' Message to Legislature.

Des Moines, Jan. 12.—Following a precedent established by ex-Governor Leslie M. Shaw Governor Cummins read his own message to the Thirtieth general assembly.

His recommendations relative to insurance laws of Iowa and special examinations bordered on the sensational. The governor virtually declared that 113 insurance companies in Iowa had been mulcted to the amount of more than \$23,000,000. The assembly was urged to reimburse these companies for the amounts paid for "special" examinations.

VETERANS PAY TRIBUTE.

Gather at Stations to See Train Bearing General Gordon's Body.

Jacksonville, Fla., Jan. 13.—The body of General John B. Gordon was borne Tuesday 400 miles along the east coast of Florida amid manifestations of grief such as are seldom witnessed. Veterans with bare heads and draped flags gathered as the special train sped by or stopped at some station.

The special train brought the body of the immediate family of General Gordon, the military guard of honor and a few friends of the family.

When the train arrived at Jacksonville, 2,000 people had gathered in the station to pay their respects. The special car carrying the party was attached to a train for Atlanta and left after a stay of about fifteen minutes.

PANAMA QUESTION DISCUSSED.

Senate Devotes Considerable Time to the Subject.

Washington, Jan. 13.—For almost five hours Tuesday the senate debated the Panama question and it was still under consideration when the senate adjourned. The discussion arose over a resolution looking to the arbitration of Colombia's claims on account of the Panama revolution. It was introduced early in the day by Mr. Bacon and was met promptly by a motion on the part of Mr. Lodge to table it. This motion aroused the feeling of senators on the Democratic side, who construed the motion as intended to cut off debate and said they would debate the Panama question on some other resolution if not on this. Finally Mr. Lodge consented to withhold his motion and discussion proceeded throughout the day with the understanding that it should be renewed again today.

Republican senators in their speeches referred to the resolution as a confession of wrong on the part of the United States and expressed the opinion that any agitation of the question at this time would give undue encouragement to the people of Colombia and misrepresent the attitude of this country. Mr. Bacon disavowed any such intention and said that he accepted the resolution as an accomplished fact. A ready response to this pronouncement came from Mr. Hale, and during the course of the debate he and Mr. Bacon practically agreed on a declaration which Mr. Hale intimated that he would offer today in the senate.

Other Republican senators indicated an unwillingness to accept any measure looking to an interference with executive negotiations, while the Democratic senators also intimated objections on other grounds.

The speakers of the day were Senators Bacon, Spooner, Teller, Carmack, Lodge, Aldrich, Platt (Conn.), Hale, Foraker and Cullom.

COVERS VARIETY OF TOPICS.

Debate in House on Panama, Tariff and Other Subjects.

Washington, Jan. 13.—The house Tuesday for more than five hours considered the legislative, executive and judicial appropriation bill, but reached no conclusion on it. A variety of topics, including Panama and the tariff, were discussed during the course of the debate. Mr. Adams (Rep., Pa.), in referring to the dinner recently given in New York city at which Mr. Olney spoke, made reference to the result of the recent New York municipal contest as a victory won by catering to those who desire free license in rum and immorality.

This statement was resented by Mr. Fitzgerald (Dem., N. Y.) in vigorous speech, who in giving the reasons responsible in his opinion for the Democratic victory in New York city warmly assailed the Low administration.

When the item in the bill providing for the expenses of the civil service commission, was reached, Mr. Hepburn (Rep., Ia.) took occasion to express his opposition to the civil service system by striking out the paragraph providing for the expenses of the commission.

Discussion of the civil service was pending when the house adjourned.

ALLEGED BOODLE COMBINE.

St. Louis Grand Jury Investigating Story of Bribery.

St. Louis, Jan. 13.—Investigation into the rumor that a new combine has been formed in the house of delegates to secure boodle money has, it is alleged, produced the information that a \$15,000 bribe was solicited to insure the passage of a bill authorizing the establishment of a pneumatic tube service for the transmission of merchandise, letters and express packages between the union station and the world's fair grounds.

It is alleged that the attempt to secure the bribe money was made within the past two months. A man, who was formerly an attaché of a St. Louis court, but is now under penitentiary sentence for conviction of participation in naturalization frauds, is alleged to have acted for a councilman and collected the bribe from a member of the firm constructing the proposed pneumatic tube system.

It is alleged that controversy over the amount resulted in an agreement on \$10,000 providing the bill was passed. The money was not paid, however, and the bill was reconsidered. The grand jury is investigating the matter.

SERIES OF TRIALS BEGUN.

Attempt to Fix Responsibility for Mabel Bechtel's Murder.

Allentown, Pa., Jan. 12.—The series of trials to fix the responsibility for the murder in October last of Mabel Bechtel, the pretty twenty-one-year-old silk mill girl of this city, was begun before Judge Trevler in the Lehigh county court Tuesday and before adjournment had been taken David Weisenberger, one of the accused lovers of the unfortunate girl, was formally arraigned and acquitted of the murder charge. Alois Eckstein, Mabel Bechtel's fiancée, also charged with complicity in the crime, was called to the bar of the court, and the slow work of selecting a jury to try him was in progress when court adjourned for the day. After Eckstein's case is disposed of, the aged mother of the dead girl, Myrtha, the seventeen-year-old daughter, and the two sons, Charles and John, will be tried for complicity in the sensational crime.

Favors an Investigation.

Denver, Jan. 13.—The Colorado federation of labor, in session here, has adopted a resolution favoring the passage by the United States senate of Senator Patterson's resolution directing a senatorial investigation of all conditions in this state.

MADE BUT ONE VISIT

BUILDING COMMISSIONER WILL IAMS TELLS OF INSPECTING IROQUOIS THEATER.

SAW BUILDING PLANS ONCE

BUT ADMITS HE DID NOT LOOK AT THEM FOR MORE THAN FIFTEEN SECONDS.

Chicago, Jan. 13.—Building Commissioner George Williams was the chief witness Tuesday in the inquest over the victims of the Iroquois theater fire. He testified that during the construction of the building he had visited it but once, that time being about two weeks prior to the opening of the theater on Nov. 23. He said that at that time the structural part of the building was completed, but the little things which go to finish it were not in place. He had never looked at the plans of the building except on one occasion when according to his own statement he saw them for perhaps ten or fifteen seconds. He said that he personally knew nothing of the construction of the building, save what knowledge he had obtained from an inspector. This inspector did not report to him personally and Mr. Williams said that all the reports were written in books and that he never examined the books unless somebody made a particular inquiry concerning a certain building.

On the occasion when he visited the theater to consult Architect Marshall regarding some changes he wished to make he considered the theater to be the most fire-proof structure of its kind that he had ever seen. The builders wished to put strips of wood in the rigging loft, but he insisted upon having steel instead. He admitted that he allowed the builders to place pine joists in certain places beneath the stage instead of steel supports as called for by the building ordinance.

Necessary to Produce the Play.
This was done in order to facilitate the working of trap doors, which were a necessity in the production of "Mr. Bluebird."

Commissioner Williams admitted that his department had passed on the arrangement of exits, passage ways and aisles, that the department knew that the ordinance required an exit to be plainly marked by a sign, that appliances for the extinguishment of fire be placed in theaters and then said that the office had never been informed by the inspectors that none of these requirements had been fully met and he did not know before the theater burned whether they had been complied with or not.

He declared that Inspector Laughlin of his department had reported the theater as being in proper shape.

When asked by the coroner who assumed the responsibility he admitted that he, as head of the department, would be compelled to assume it.

Neither he nor any member of his department so far as he knew had any knowledge as to whether automatic sprinklers had been placed in the theater or not. When asked whether he had questioned Inspector Laughlin he said he had asked him no questions at all.

Coroner Traeger demanded to know if there was anybody in the office of the building commissioner, whose business it was to see whether the inspectors did their duties. Mr. Williams replied was:

"Once in a while I have done so."

Office Force Too Small.

Commissioner Williams claimed his office force was too small to perform its duties in a more thorough manner. Mr. Williams declared that last October he reported to Mayor Harrison that not one of the theaters in Chicago was complying with the ordinances. The mayor turned over his report to the council, which turned it over to a committee and nothing was ever done.

When asked by the coroner why the theater building was not inspected before it was allowed to be opened, Commissioner Williams said it was inspected on the afternoon of the day on which it was opened. The coroner pointed out that the report simply said the building had been inspected, but did not refer to equipment of any kind. The commissioner replied that the report of an inspection was all he had to show.

Mayor Harrison was subpoenaed by the coroner's jury to appear at the Iroquois theater fire inquest today.

The mayor was summoned as the outcome of a confession from Building Inspector Williams, who acknowledges that the theater managers have been guilty of repeated infractions of the laws designed to protect the lives of their patrons.

BORDERS ON SENSATIONAL.

Portion of Governor Cummins' Message to Legislature.

Des Moines, Jan. 13.—Following a precedent established by ex-Governor Leslie M. Shaw Governor Cummins read his own message to the Thirtieth general assembly.

His recommendations relative to insurance laws of Iowa and special examinations bordered on the sensational. The governor virtually declared that 114 insurance companies in Iowa had been mulcted to the amount of more than \$23,000,000. The assembly was urged to reimburse these companies for the amounts paid for "special" examinations.

THE WISHBONE CRAZE.

Miss Alice Roosevelt Starts New Fad in Washington.

Miss Alice Roosevelt carried luck in her hand on New Year's day, and she has launched still another fad in Washington society, says the New York Telegram's correspondent.

Instead of flowers, fan, lozette or dingle dangles on a rope of pearls the daughter of the president sported a silver wishbone from the time of her appearance at the White House reception New Year's morning till the young people's dinner at 8 o'clock, with which the gayeties of the day concluded.

The wishbone occasioned a vast amount of interest as well as amusement among Miss Roosevelt's friends. It was the one New Year's gift that especially appealed to the original young girl, and she explained, laughingly, that it was to bring her luck throughout the year. Last spring Miss Roosevelt set the style of carrying a gold tipped cane, and the girls of Washington adopted it without a murmur, appearing on the street and at bazars with airy, fairy sticks that quite dazzled the youth of Washington. Now the wishbone craze has set in and Washington jewellers have booked a lot of orders for wishbones of silver, gold and jewel studded platinum.

One attaché of legation begged to exchange a gorgeous diamond order that decorated his chest for Miss Roosevelt's wishbone New Year's morning, but the latter declared she would not part with her lucky charm for the pink pearl atop of the Chinese minister's cap.

And still another man—this time an American—tried to barter his gold set rabbit's foot for the much coveted wishbone. Miss Roosevelt declared that rabbit's foot could not be mentioned in the same breath with wishbones, so now the college man and the poker man and the all around sporty man will carry the rabbit's foot back to the graveyard at the dark of the moon, bury them deep and turn up at the club with wishbones in their pockets.

Miss Roosevelt's word is law in Washington society, and now that she has started the wishbone fad it is bound to boom.

NEW LABOR UNION BODY.

Public and Private Improvement Council Its Name.

Without any preliminary blast of trumpets a new central body, representing 50,000 outside workers, was formed the other day at a meeting of delegates of forty-two unions in a hall in New York. Among the trades represented were the foundation bricklayers, pipe fitters and tappers, stationary engineers, firemen, pavers, bluestone cutters, rammers, team drivers, rock drillers, house shapers and movers, teamsters, asphalt workers and truckmen. Matthew McConville of the Safety Association of Engineers presided, and the meeting was behind closed doors, says the New York Tribune.

It was decided to organize as the Public and Private Improvement council, with Matthew McConville as temporary president and J. Noonan of the pavers' union as temporary secretary.

The following announcement was made:

"This council is composed of outside trades which are so allied that a special central body was necessary. There has been a tendency during the last three or four years, owing to the advance in methods or work and machinery, toward dividing work which used to be done by one man or set of men into several branches, which have by degrees become special trades. Some of these trades were not in existence when the first central bodies were formed. It therefore became necessary to form a central organization of the trades that they may co-operate together more effectively."

It was stated that the new body is not antagonistic to existing bodies. Some of its unions are affiliated with the Board of Building Trades and other bodies, and the organization of the new body does not necessarily mean that its unions will give up former affiliations, it was said.

SAW HIS NAME ON A VALISE

How an Oklahoman Found a Half Brother After Many Years.

When Arthur Lucas, an Oklahoman ranchman, entered a depot at Wichita, Kan., a few days ago he glanced by chance at a pile of valises on the floor near by, says the Kansas City Star. On one was the name of "R. L. Seiler." It struck him as strangely like that of his half brother, whom he had not seen since they were boys together in Cleveland, O.

When a big man came in and purchased a ticket for Guthrie Mr. Lucas watched him attentively, and when he picked up the satchel the Oklahoman spoke to him. Each found that he was face to face with one for whom he had been searching many years. Mr. Seiler is a traveling salesman from Peoria, Ill. Mr. Seiler, the older of the two, was only twelve years old when they parted.

Canada May Annex U. S.

Senator Hale has little doubt that Canada will be annexed by the United States before this generation passes away. It is more likely, says the Toronto Mail and Empire, that the balance of power on this continent will have passed to Canada before Senator Hale is a hundred years older. Uncle Sam will then cease to be the Monroe doctor.

FRANK HAWLEY WAS DROWNED

Telegram Received by His Widowed Mother, Mrs. Mary Hawley, from Lewiston, Id.

LEFT HERE TWO MONTHS AGO

Was Switching for Railroad Company at Time, but Particulars Were Not Given.

A telegram was received in the city this morning by Mrs. Mary Hawley, a widow living at 219, Tenth street north, stating that her son, Frank B. Hawley, had drowned yesterday at Lewiston, Idaho.

The telegram received did not give any particulars of the drowning, outside of the bare mention of the fact and asking what disposition be made of the remains. Mrs. Hawley will have the body shipped to this city for burial at once. The lady is prostrated with grief over the sad affair.

Frank Hawley left Brainerd for the west about two months ago and little had been heard of him since that time, but it was known that he had gone to work for a railroad company out there as switchman. He worked in the yards in this city as a switchman for some time. Besides the widowed mother there is a brother, Earl R. Hawley, who works in the shops in this city. Mrs. Hawley has wired the authorities at Lewiston for the full particulars.

PHYSICAL ACTIVITY.

Nothing Else Can Supplement It as a Preserver of Youth.

Next to air and food in the human economy comes exercise. We may have plenty of fresh air and a proper allowance of the right kind of food, and yet without helpful daily exercise these will not avail to keep the body in good condition. In answer to the question, "Why do we grow old?" a French writer gives these three reasons: "We do not get enough physical exercise in the open air, we are poisoned by microbes which the phagocytes have not succeeded in destroying, and we are depressed by fear of death." Of the three reasons it will be noted that he gives the place of first importance to lack of exercise. There is nothing else which can take the place of physical activity as a preserver of youth and energy. "Grow younger as you grow older by cultivating a moderate love of good, healthful, honest sport," is sound advice. Walking, running, jumping, rowing, playing golf, tennis or croquet or any other milder form of exercise in the open air keeps the muscles supple and prevents the joints from stiffening, fills the lungs with life giving oxygen and keeps the blood from becoming sluggish or the liver torpid. In short, it is exercise that keeps the body in tune and "up to concert pitch," just as exercise keeps the voice of a music instrument in perfect tone.

EYES INCREASE IN SIZE.

Change Often Results in the Improvement of the Sight.

A conversation with a prominent hatter developed the fact that among men of large affairs where decided executive ability and strong mental equipment were requisite it was common to find an increase in the cranial development. A more detailed investigation among some of the large metropolitan hatters revealed the fact that many of them had for years by means of an automatic measuring device kept records of peculiarities of the cranial outline of many of our prominent men, which had led to the discovery to which, however, little importance had been attached that the skull often shows a decided increase in size after middle age.

Thus, if it is a fact that the human eye depends largely upon the surrounding bony structure for its size and proportion, it can readily be seen that in the case of an eye which presents abnormal visual conditions due to an inadequate development the increase in the size of the skull referred to, accompanied, as it usually is, by generally improved physical conditions, would naturally tend to a corresponding increase in the size of the eyeball, thereby contributing to a possible neutralization of the visual defect.—Jewelers' Circular-Weekly.

Drinking Healths.

This was a Roman custom. The drinking was accompanied by some such words as "Here's to myself," "Here's to you" and "Here's to I shan't say who." The ancient Greeks also drank healths. When Theramenes was condemned to drink hemlock he said, "Hoc pulcro Critiae."

The ancient Saxons also had the same custom. Hengist invited King Vortigern to a banquet to see the new levies. After the dishes were removed Rowena, the beautiful daughter of Hengist, appeared before the scene holding in her hand a golden cup full of wine. She then made obeisance and said, which in modern English means, "Lord king, your health." The king drank and replied, "Here's to you."

The Greeks handed the cups to the person they toasted, and said, "This to thee." Our custom of holding out the cup comes to us from ancient Greece.—American Queen.

Insanity, Death or Health?

No. 2807 Locust Street, St. Louis, Mo., March 29, 1903.

I was a victim of sleeplessness and extreme nervousness for eighteen months, unable to get a proper night's rest and feeling tired and worn out continually. I was easily irritated and hysterical at the slightest provocation, but Wine of Cardui gave me great relief. Within a week after I began using it I had my first real good night's rest that I had had for months. My appetite was soon restored, my general system toned up and nervousness became a thing of the past. I am so pleased to acknowledge the great curative merit of your health giving medicine and gladly endorse it.

WINE of CARDUI

We want to call your attention to the complete and immediate relief Mrs. Best secured by taking Wine of Cardui. Within a week after she began taking Wine of Cardui, Mrs. Best had her first good night's rest for eighteen months. Her restlessness was caused by nervousness and Wine of Cardui, as the best men's nerves, has no superior in the world as a medicine to soothe a woman's nervous system. Nervousness and hysteria are warnings of the approach of insanity and if relief is not secured the end can only be the asylum or the grave. With such an outlook as this before her, no suffering woman can reasonably refuse to give Wine of Cardui a trial. It brings a cure that thousands of women have sought for, in vain. Will you secure a bottle of Wine of Cardui today and start treatment?

THE WISHBONE CRAZE.

Miss Alice Roosevelt Starts New Fad in Washington.
Miss Alice Roosevelt carried luck in her hand on New Year's day, and she has launched still another fad in Washington society, says the New York Telegram's correspondent.
Instead of flowers, fan, lorgnette or dingle dangles on a rope of pearls the daughter of the president sported a silver wishbone from the time of her appearance at the White House reception New Year's morning till the young people's dinner at 8 o'clock, with which the gayeties of the day concluded.
The wishbone occasioned a vast amount of interest as well as amusement among Miss Roosevelt's friends. It was the one New Year's gift that especially appealed to the original young girl, and she explained, laughingly, that it was to bring her luck throughout the year. Last spring Miss Roosevelt set the style of carrying a gold tipped cane, and the girls of Washington adopted it without a murmur, appearing on the street and at bazaars with airy, fairy sticks that quite dazzled the youth of Washington. Now the wishbone craze has set in and Washington jewelers have booked a lot of orders for wishbones of silver, gold and jewel studded platinum.
One attache of legation begged to exchange a gorgeous diamond order that decorated his chest for Miss Roosevelt's wishbone New Year's morning, but the latter declared she would not part with her lucky charm for the pink pearl atop of the Chinese minister's cap.
And still another man—this time an American—tried to barter his gold set rabbit's foot for the much coveted wishbone. Miss Roosevelt declared that rabbit's foot could not be mentioned in the same breath with wishbones, so now the college man and the poker man and the all around sporty man will carry the rabbits' feet back to the graveyard at the dark of the moon, bury them deep and turn up at the club with wishbones in their pockets.
Miss Roosevelt's word is law in Washington society, and now that she has started the wishbone fad it is bound to boom.

NEW LABOR UNION BODY.

Public and Private Improvement Council Its Name.
Without any preliminary blast of trumpets a new central body, representing 50,000 outside workers, was formed the other day at a meeting of delegates of forty-two unions in a hall in New York. Among the trades represented were the foundation bricklayers, pipe fitters and tappers, stationary engineers, firemen, pavers, bluestone cutters, ramblers, team drivers, rock drillers, house shapers and movers, teamsters, asphalt workers and truckmen. Matthew McConville of the Safety Association of Engineers presided, and the meeting was behind closed doors, says the New York Tribune.
It was decided to organize as the Public and Private Improvement council, with Matthew McConville as temporary president and J. Noonan of the pavers' union as temporary secretary.
The following announcement was made:
"This council is composed of outside trades which are so allied that a special central body was necessary. There has been a tendency during the last three or four years, owing to the advance in methods or work and machinery, toward dividing work which used to be done by one man or set of men into several branches, which have by degrees become special trades. Some of these trades were not in existence when the first central bodies were formed. It therefore became necessary to form a central organization of the trades that they may co-operate together more effectively."
It was stated that the new body is not antagonistic to existing bodies. Some of its unions are affiliated with the Board of Building Trades and other bodies, and the organization of the new body does not necessarily mean that its unions will give up former affiliations, it was said.

SAW HIS NAME ON A VALISE

How an Oklahoman Found a Half Brother After Many Years.
When Arthur Lucas, an Oklahoma ranchman, entered a depot at Wichita, Kan., a few days ago he glanced by chance at a pile of valises on the floor near by, says the Kansas City Star. On one was the name of "R. L. Seiler." It struck him as strangely like that of his half brother, whom he had not seen since they were boys together in Cleveland, O.
When a big man came in and purchased a ticket for Guthrie Mr. Lucas watched him attentively, and when he picked up the satchel the Oklahoman spoke to him. Each found that he was face to face with one for whom he had been searching many years. Mr. Seiler is a traveling salesman from Peoria, Ill. Mr. Seiler, the older of the two, was only twelve years old when they parted.
Canada May Annex U. S.
Senator Hale has little doubt that Canada will be annexed by the United States before this generation passes away. It is more likely, says the Toronto Mail and Empire, that the balance of power on this continent will have passed to Canada before Senator Hale is a hundred years older. Uncle Sam will then cease to be the Monroe doctor.

FRANK HAWLEY

WAS DROWNED
Telegram Received by His Widowed Mother, Mrs. Mary Hawley, from Lewiston, Id.
LEFT HERE TWO MONTHS AGO
Was Switching for Railroad Company at Time, but Particulars Were Not Given.

A telegram was received in the city this morning by Mrs. Mary Hawley, a widow living at 219, Tenth street north, stating that her son, Frank B. Hawley, had drowned yesterday at Lewiston, Idaho.
The telegram received did not give any particulars of the drowning, outside of the bare mention of the fact and asking what disposition be made of the remains. Mrs. Hawley will have the body shipped to this city for burial at once. The lady is prostrated with grief over the sad affair.
Frank Hawley left Brainerd for the west about two months ago and little had been heard of him since that time, but it was known that he had gone to work for a railroad company out there as switchman. He worked in the yards in this city as a switchman for some time. Besides the widowed mother there is a brother, Earl R. Hawley, who works in the shops in this city. Mrs. Hawley has wired the authorities at Lewiston for the full particulars.

PHYSICAL ACTIVITY.

Nothing Else Can Supplement It as a Preserver of Youth.
Next to air and food in the human economy comes exercise. We may have plenty of fresh air and a proper allowance of the right kind of food, and yet without helpful daily exercise these will not avail to keep the body in good condition. In answer to the question, "Why do we grow old?" a French writer gives these three reasons: "We do not get enough physical exercise in the open air, we are poisoned by microbes which the phagocytes have not succeeded in destroying, and we are depressed by fear of death." Of the three reasons it will be noted that he gives the place of first importance to lack of exercise. There is nothing else which can take the place of physical activity as a preserver of youth and energy. "Grow younger as you grow older by cultivating a moderate love of good, healthful, honest sport," is sound advice. Walking, running, jumping, rowing, playing golf, tennis or croquet or any other milder form of exercise in the open air keeps the muscles supple and prevents the joints from stiffening, fills the lungs with life giving oxygen and keeps the blood from becoming sluggish or the liver torpid. In short, it is exercise that keeps the body in tune and "up to concert pitch," just as exercise keeps the voice of a music instrument in perfect tone.

EYES INCREASE IN SIZE.

Change Often Results in the Improvement of the Sight.
A conversation with a prominent hatter developed the fact that among men of large affairs where decided executive ability and strong mental equipment were requisite it was common to find an increase in the cranial development. A more detailed investigation among some of the large metropolitan hatters revealed the fact that many of them had for years by means of an automatic measuring device kept records of peculiarities of the cranial outline of many of our prominent men, which had led to the discovery (to which, however, little importance had been attached) that the skull often shows a decided increase in size after middle age.
Thus, if it is a fact that the human eye depends largely upon the surrounding bony structure for its size and proportion, it can readily be seen that in the case of an eye which presents abnormal visual conditions due to an inadequate development the increase in the size of the skull referred to, accompanied, as it usually is, by generally improved physical conditions, would naturally tend to a corresponding increase in the size of the eyeball, thereby contributing to a possible neutralization of the visual defect.—Jewelers' Circular-Weekly.

Drinking Healths.
This was a Roman custom. The drinking was accompanied by some such words as "Here's to myself," "Here's to you" and "Here's to I shan't say who." The ancient Greeks also drank healths. When Theramenes was condemned to drink hemlock he said, "Hoc pulcro Critie."
The ancient Saxons also had the same custom. Hengist invited King Vortigern to a banquet to see the new levies. After the dishes were removed Rowena, the beautiful daughter of Hengist, appeared before the scene holding in her hand a golden cup full of wine. She then made obeisance and said, which in modern English means, "Lord king, your health." The king drank and replied, "Here's to you."
The Greeks handed the cups to the person they toasted and said, "This to thee." Our custom of holding out the cup comes to us from ancient Greece.—American Queen.

WINE of CARDUI

We want to call your attention to the complete and immediate relief Mrs. Best secured by taking Wine of Cardui. Within a week after she began taking Wine of Cardui, Mrs. Best had her first good night's rest for eighteen months. Her restlessness was caused by nervousness and Wine of Cardui, as the best menstrual regulator, has no superior in the world as a medicine to soothe a woman's nerves. Nervousness and hysteria are warnings of the approach of insanity and if relief is not secured the end can only be the asylum or the grave. With such an outlook as this before her, no suffering woman can reasonably refuse to give Wine of Cardui a trial. It brings a cure that thousands of women have sought for, in vain. State Board of Health Takes Action Regarding Septic Tanks in Cities of State.

BRAINERD IS FIRST IN LINE

Resolution Passed at Meeting of Board Yesterday Which is Very Sweeping.

The following regarding the action of the state board of health at a meeting held in Minneapolis yesterday will be of interest to Brainerdites in view of the fact that the sewerage system is being put in here:

"The state board of health took action this morning which will require tremendous expenditures by Minnesota cities. A resolution was passed requiring all municipalities which drain their sewage artificially into rivers, streams or lakes, to install septic tanks or filter beds to purify the sewage and prevent it from contaminating sources of water supply. This action is taken to prevent the spread of typhoid fever and kindred diseases.

"Cities are to have until Jan. 1, 1905, to comply with the resolution. After that date there will be a fine of \$50 to \$100 for each day the sewage is not so purified.

"Dr. H. M. Bracken was re-elected secretary of the board and Dr. Henry Hutchinson, of St. Paul, vice president."

Brainerd is the first city in the state to have such a tank.

Jennie—Is it true that Joe occupies the first place in your heart? Sadie—Not much, my dear, Hollister's Rocky Mountain Tea first, last and all the time. 35 cents tea or tablets, H. P. Dunn & Co.

STATE BOARD INTERESTED

A letter has been received by Dr. J. A. Thabes from Dr. H. M. Bracken, of the state board of health, regarding the question which was discussed in these columns on January 2 regarding the putting up of ice from Rice lake. Referring to this matter Dr. Bracken says: "I thought when we were corresponding that the purpose you had in view was to help the ice men this year, and that was my purpose in writing you as I did. Of course if permission is given to cut this ice for domestic use it is hardly likely that the board would undertake to condemn this ice next summer." The board is simply interested in the question as it affects both dealers and consumers and there is no danger that the ice now being put up will be condemned.

Dr. J. A. Thabes, local chairman of the board of health, stated this morning: "I want it understood that no ice is to be put up anywhere or for any purpose, outside of Rice or Gilbert lakes, without my permission."

H. P. DUNN & CO. WILL BUY IT BACK.

H. P. Dunn & Co.'s Remarkable Way of Selling Mi-o-na, the Flesh Forming Food.

Just ask Druggists H. P. Dunn & Co. what they think of Mi-o-na. It will not take you long to ask them; but it will take them some time to tell you all the good things they know of this remarkable flesh forming food.

It is natural for people to doubt, but when Druggists H. P. Dunn & Co. frankly offers to buy back any empty boxes when Mi-o-na fails to restore health and increase the weight, and return the full amount of money paid, it silences the doubters and they cannot help but feel that Mi-o-na is an unusual and remarkable preparation. Used for a little while this flesh forming food will show that it actually furnishes real nourishment, regulates digestion and increases the weight.

Weigh yourself and then begin its use and the scales will soon show the good Mi-o-na is doing. It gives strength and tone to the digestive organs, makes rich, red blood and puts the whole system in proper physical condition. If it did not do what is claimed for it, Druggists H. P. Dunn & Co. could not afford to sell it the way they do, agreeing to refund the cost, 50c, in case it does not give complete satisfaction.

Every one who is thin, weak and out of health, should begin the use of Mi-o-na on these terms, for it costs absolutely nothing unless it makes you well.

Send your family washing to the Laurel Steam laundry and see how nice it will be returned. We collect and deliver. Phone 113.

TELEPHONE TO WALKER

Rumor Regarding a New Line to Walker Revived Again--Northwestern Said to be Contemplating Work.

The annual rumor that there will be a telephone line from Brainerd to Walker has been revived again and it is said that as soon as spring opens up that the Northwestern will have a crew of men at work on the proposed new line.

CURBSTONE CHAT

Supt. J. A. Wilson: All the schools in the county are now supplied with teachers and matters generally in the rural schools are running along smoothly.

Rev. Richard Brown: Commencing with Sunday evening next the beautiful storg, Bunyon's "Pilgrims Progress," will be thrown on the canvas at the First Congregational church. There will be good music.

J. Ruttger, Bay Lake: The road recently in dispute in the district court starts in Aitkin and passes along the banks of Bay lake and does not pass through Mr. Young's land, comes into Brainerd on Oak street and is a county road.

A Horseman: Say, where is our society for the prevention of cruelty to animals? There are a few would-be teamsters handling horses with heavy loads, who don't know as much about driving as the horses do themselves, apparently.

R. R. Wise: I understand there is a syndicate being formed to erect a \$125,000 hotel. That will certainly help some. I am receiving a large number of letters of condolence over the burning of the Arlington, and in the grist this morning there was one from Los Angeles and another from New York, the two extremes, the Pacific and Atlantic.

M. A. CASSIDY

Prominent Educator and Superintendent of Schools Lexington, Ky.

Recommends Vinol as Being the Best Cod Liver Oil Preparation.

There has been of late a good deal of discussion in Brainerd regarding the merits of cod liver oil preparations, and whether or not cod liver oil and emulsions that upset the stomach have any medicinal virtues. Therefore the following letter will be read with interest:

M. A. CASSIDY.

"I am pleased to state that after using different cod liver oil preparations on the market, I find Vinol to be the best of them all. It is palatable and pleasant to the taste; in fact, the oily taste is disguised or done away with entirely, and its strengthening properties are truly remarkable.

"It has built up my system, strengthened my nerves; in fact, it has made a new man of me, enabling me to take up my work with renewed energy and vigor and I heartily endorse Vinol as the most efficacious and agreeable cod liver oil preparation on the market."—M. A. Cassidy.

Knowing that H. P. Dunn & Co., of this city, guarantee this preparation in the strongest manner possible, they were called upon for information. Said Mr. Dunn: "Vinol I firmly believe is the world's greatest preparation of cod liver oil, for it contains in a highly concentrated form every one of the fifty odd medicinal curative elements found in cod liver oil, yet is entirely free from oil or grease.

"Vinol is delicious to taste and acceptable to the weakest stomach. It contains no drugs or poisonous ingredients, and there is no necessity for people to load their stomachs with drugs, nauseating oils or emulsions to obtain the curative power of cod liver oil, for all is contained in Vinol. Vinol is the greatest strength creator and health restorer known to medicine today. We could quote innumerable instances where it has fortified and built up the system, strengthened the nerves, cured indigestion, chronic coughs, colds, bronchitis and incipient consumption, given strength and vigor to the aged, replaced weakness with strength and made the sick well.

"It is for this reason that we offer to give back the money every time if it fails to give satisfaction."—H. P. Dunn & Co., Druggists.

OLD OFFICERS ARE RE-ELECTED

Northern Pacific Bank Stockholders Met Yesterday for Annual Election.

THE DIRECTORS HOLD MEETING

And the Officers of the Bank are Named for Another Year--No Change.

Late yesterday afternoon the stockholders of the Northern Pacific bank held a meeting in the directors' room at the bank building for the purpose of electing the directors for the ensuing year and the following were chosen: Dr. Werner Hemstead, James F. McGinnis, H. D. Troglawny, S. Walker and Henri Ribble.

Immediately after the stockholders' meeting the directors met and elected the old set of officers, tried and true, for the coming year as follows:

President—Dr. Werner Hemstead, Vice President—J. F. McGinnis, Cashier—H. D. Troglawny, Asst. Cashier—J. A. Batchelder.

This morning a deal was consummated whereby E. Watson and T. E. Welch, who have been owners of the livery stable on Sixth street formerly conducted by G. H. Stratton, sold out to Graham Bros. and these gentlemen will be given possession at once.

Messrs. Watson and Welch will engage in the real estate business.

MUSIC AND DRAMA.

"THE GREAT KILTIES BAND."

Manager Walker is to be congratulated for having secured the "Kilties" Band for a concert at the Brainerd opera house next Monday, January 18. The "Kilties" have been enthusiastically received in nearly every large city in America. The Louisville, Ky., Dispatch says: "Aside from Sousa's organization it is doubtful if any traveling band has been given the reception accorded by Louisville people to 'The Kilties.' The band is a musical organization of the first rank. It is well balanced, and the playing is scholarly and spirited. The rendering of the various standard and classical selections was all that could be desired, and demonstrated thoroughly that Canada has a band that will compare favorably with the leading organizations of its kind in this country."

The famous vocal choir of the Kilties (from 16 to 20 voices) renders "Ye Banks and Braes," "Annie Laurie," "Scots Wha Hae," "The Hundred Pipers," "My Love She's but a Lassie Yet," "Robin Adair," and many other exquisite Scottish songs, harmonized as well as popular American airs. A good indication of the choir's popularity is the fact that at every concert given on the various tours, without exception, their selections were encored from three to six times.

Seats will be placed on sale Saturday at Dunn's for this great attraction.

Hunter's Hot Springs.

It is not necessary for residents of the northwest to go to the south and east for hot water pleasure and curative baths.

Near Springdale, Mont., on the Northern Pacific, are Hunter's Hot Springs, temperature 148 degrees to 168 degrees Fahr., flowing 2000 gallons per minute, 4000 feet above the sea in the foothills of the Crazy mountains, overlooking the Yellowstone river and valley. Good hotels, cottages, bath houses, swimming pool. Rates \$2.50 per day, \$15.00 per week, including baths.

Baths are good for all rheumatic, skin, liver and kidney and stomach diseases. Appointments comfortable and satisfactory. Railway rates low. The region is a natural sanatorium.

For information write J. E. McCormick, Hunter's Hot Springs, Mont., or Chas. S. Fee, C. P. & T. A. Northern Pacific Ry., St. Paul, Minn.

Death of Mrs. Sarah M. Smith.

Mrs. Sarah M. Smith, widow of the late Elias Smith, of Dexter, N. Y., died on January 4 at the home of her sons Eugene E. M. Smith and Chas. E. Smith at Bald Eagle lake, of heart failure. The funeral services were at the family cottage Jan. 6, the Rev. J. C. Robinson officiating, and interment was made at Dexter, N. Y., her son, Eugene E. M. Smith accompanying the remains east. Mrs. Smith was at one time a resident of Brainerd and was well known here. She is survived by her four sons, Thos. E. Smith, of Brainerd; Eugene E. M. Smith and Chas. E. Smith, Bald Eagle Lake, and George C. Smith, of St. Paul, Minn. Mrs. Smith was born on January 25, 1824, at Berningham, N. Y. Mr. and Mrs. T. E. Smith returned yesterday afternoon from Bald Eagle Lake where they attended the funeral.

A GOLDEN OPPORTUNITY

The Dispatch List of Eligibles in Matrimonial Lines will Prove a Very Valuable Guide.

HENRY P. DUNN, who claims no relationship to Mr. Dooley because that dignitary uses the final "e" on his name, is versatile, suave, ingenious, a fluent talker, delightful entertainer, sober and industrious, never goes out with the boys, attends church regularly, occupies a prominent place in social and fraternal circles, enjoys a good joke, has his mind continually on home and home environments, has made a success in business and stands as one of Brainerd's most influential business men today, is interested in the public library, is watchdog of the treasury of the Park Opera House association, has been made Hyomel King, has converted his place of business into a Mecca where hundreds gather for the elixir of life, his store is the home of Vinol, it is under his direction that thousands of headaches are cured in a day throughout the northwest, for he supervises the putting up of Mac's headache powders, and Oh say girls, did you ever see him on the stage? He is certainly the limit, in fact, dear sweet maiden, if there is anything under God's canopy that is good that "Our Henry" is not a potent factor in, then come forth and state it. Henry Dunn has always expressed himself as willing to become the head of some household and in fact he said the other day he came awfully near it once; all he had to do was to secure the consent of the girl herself, and the father, but he was willing. Henry did not consent to his name being used in this column, but the fact that it is here is sufficient guarantee that there will be a grand rush. It has not been announced when the sale will open, but it is a safe bet that Henry will be there and will be as courteous as though dealing out pasteboards for the "Devil's Auction," in fact his place of business is a rendezvous for all mankind and when they enter it seems that the proverbial silver lining to the old cloud of despondency always disappears. Mr. Dunn is the most popular business man in Brainerd today and no one will gainsay this, and he has a smile for everyone and never speaks ill of any man, so girls, what a glorious prospect. He loves the companionship of the ladies, but like other wise men he does not settle down on any one, but loves the whole bunch, being slightly partial, it is thought, to the dear school marm, at least they always find a warm welcome from the genial, wholesouled druggist, and do you know, they nearly all buy their paints, powders and puffs here. His store is swarmed continually with customers and the wonder is that Henry has so many smiles to go around, but he does and he distributes them with telling effect too. Henry cannot sing much but what is lacking in his soul in this regard is more than made up by the knack that he has of pouring forth plaintive songs of love into the ear of some fair one. To those who know him best it is thought that the old rule "first come first served" will apply, for how can Henry refuse anyone anything. Girls, walk right in, and unless Mr. Dunn is busy waiting on a customer you will find him at his desk. He will rise gracefully from his desk, bow courteously and extend his hand. Here is where you have him. Spring it at him and do it quick and before he gets time to recover you will hear him say, "Well by Jimminy Cracky, Well by Crimeney Sufferin', Well by Gol Darn, this is so sudden," but we can't imagine him saying anything but "why, yes indeed, yes indeed ma'am." What a snap to get such a husband and get him so easily too girls. How proud any girl should feel having won the hand of Henry P. Dunn. A good looking, distinguished husband he would be too, kind and loving. He would be a good provider and his wife's life would be one continuity of happiness and sunshine, for her pathway would be strewn with garlands of roses and she would ever recline on a couch of ease. Just get onto that, girls.

State Board of Health Takes Action Regarding Septic Tanks in Cities of State.

BRAINERD IS FIRST IN LINE

Resolution Passed at Meeting of Board Yesterday Which is Very Sweeping.

The following regarding the action of the state board of health at a meeting held in Minneapolis yesterday will be of interest to Brainerdites in view of the fact that the sewerage system is being put in here:

"The state board of health took action this morning which will require tremendous expenditures by Minnesota cities. A resolution was passed requiring all municipalities which drain their sewage artificially into rivers, streams or lakes, to install septic tanks or filter beds to purify the sewage and prevent it from contaminating sources of water supply. This action is taken to prevent the spread of typhoid fever and kindred diseases.

"Cities are to have until Jan. 1, 1905, to comply with the resolution. After that date there will be a fine of \$50 to \$100 for each day the sewage is not so purified.

"Dr. H. M. Bracken was re-elected secretary of the board and Dr. Henry Hutchinson, of St. Paul, vice president."

Brainerd is the first city in the state to have such a tank.

Jennie—Is it true that Joe occupies the first place in your heart? Sadie—Not much, my dear, Hollister's Rocky Mountain Tea first, last and all the time. 35 cents tea or tablets. H. P. Dunn & Co.

STATE BOARD INTERESTED

In the Ice Problem in the Interest of All Concerned, Consumers as Well as Dealers.

A letter has been received by Dr. J. A. Thabes from Dr. H. M. Referring to this matter Dr. Bracken says: "I thought when we were corresponding that the purpose you had in view was to help the ice men this year, and that was my purpose in writing you as I did. The board is simply interested in the question as it affects both dealers and consumers and there is no danger that the ice now being put up will be condemned.

Dr. J. A. Thabes, local chairman of the board of health, stated this morning: "I want it understood that no ice is to be put up anywhere or for any purpose, outside of Rice or Gilbert lakes, without my permission."

He loves the companionship of the ladies, but like other wise men he does not settle down on any one, but loves the whole bunch, being slightly partial, it is thought, to the dear school marm, at least they always find a warm welcome from the genial, wholesouled druggist, and do you know, they nearly all buy their paints, powders and puffs here. His store is swarmed continually with customers and the wonder is that Henry has so many smiles to go around, but he does and he distributes them with telling effect too. Henry cannot sing much but what is lacking in his soul in this regard is more than made up by the knack that he has of pouring forth plaintive songs of love into the ear of some fair one. To those who know him best it is thought that the old rule "first come first served" will apply, for how can Henry refuse anyone anything. Girls, walk right in, and unless Mr. Dunn is busy waiting on a customer you will find him at his desk. He will rise gracefully from his desk, bow courteously and extend his hand. Here is where you have him. Spring it at him and do it quick and before he gets time to recover you will hear him say, "Well by Jimminy Cracky, Well by Crimeney Sufferin', Well by Goll Darn, this is so sudden," but we can't imagine him saying anything but "why, yes indeed, yes indeed ma'am." What a snap to get such a husband and get him so easily too girls. How proud any girl should feel having won the hand of Henry P. Dunn. A good looking, distinguished husband he would be too, kind and loving. He would be a good provider and his wife's life would be one continuity of happiness and sunshine, for her pathway would be strewn with garlands of roses and she would ever recline on a couch of ease. Just get onto that, girls.

State Board of Health Takes Action Regarding Septic Tanks in Cities of State.

BRainerd IS FIRST IN LINE

Resolution Passed at Meeting of Board Yesterday Which is Very Sweeping.

The following regarding the action of the state board of health at a meeting held in Minneapolis yesterday will be of interest to Brainerdites in view of the fact that the sewerage system is being put in here:

"The state board of health took action this morning which will require tremendous expenditures by Minnesota cities. A resolution was passed requiring all municipalities which drain their sewage artificially into rivers, streams or lakes, to install septic tanks or filter beds to purify the sewage and prevent it from contaminating sources of water supply. This action is taken to prevent the spread of typhoid fever and kindred diseases.

"Cities are to have until Jan. 1, 1905, to comply with the resolution. After that date there will be a fine of \$50 to \$100 for each day the sewage is not so purified.

"Dr. H. M. Bracken was re-elected secretary of the board and Dr. Henry Hutchinson, of St. Paul, vice president."

Brainerd is the first city in the state to have such a tank.

Jennie—Is it true that Joe occupies the first place in your heart? Sadie—Not much, my dear, Hollister's Rocky Mountain Tea first, last and all the time. 35 cents tea or tablets. H. P. Dunn & Co.

STATE BOARD INTERESTED

In the Ice Problem in the Interest of All Concerned, Consumers as Well as Dealers.

A letter has been received by Dr. J. A. Thabes from Dr. H. M. Bracken, of the state board of health, regarding the question which was discussed in these columns on January 2 regarding the putting up of ice from Rice lake. Referring to this matter Dr. Bracken says: "I thought when we were corresponding that the purpose you had in view was to help the ice men this year, and that was my purpose in writing you as I did. Of course if permission is given to cut this ice for domestic use it is hardly likely that the board would undertake to condemn this ice next summer." The board is simply interested in the question as it affects both dealers and consumers and there is no danger that the ice now being put up will be condemned.

Dr. J. A. Thabes, local chairman of the board of health, stated this morning: "I want it understood that no ice is to be put up anywhere or for any purpose, outside of Rice or Gilbert lakes, without my permission."

H. P. DUNN & CO. WILL BUY IT BACK.

H. P. Dunn & Co.'s Remarkable Way of Selling Mi-o-na, the Flesh Forming Food.

Just ask Druggists H. P. Dunn & Co. what they think of Mi-o-na. It will not take you long to ask them; but it will take them some time to tell you all the good things they know of this remarkable flesh forming food.

It is natural for people to doubt, but when Druggists H. P. Dunn & Co. frankly offers to buy back any empty boxes when Mi-o-na fails to restore health and increase the weight, and return the full amount of money paid, it silences the doubters and they cannot help but feel that Mi-o-na is an unusual and remarkable preparation. Used for a little while this flesh forming food will show that it actually furnishes real nourishment, regulates digestion and increases the weight.

Weigh yourself and then begin its use and the scales will soon show the good Mi-o-na is doing. It gives strength and tone to the digestive organs, makes rich, red blood and puts the whole system in proper physical condition. If it did not do what is claimed for it, Druggists H. P. Dunn & Co. could not afford to sell it the way they do, agreeing to refund the cost, 50c, in case it does not give complete satisfaction.

Every one who is thin, weak and out of health, should begin the use of Mi-o-na on these terms, for it costs absolutely nothing unless it makes you well.

Send your family washing to the Laurel Steam Laundry and see how nice it will be returned. We collect and deliver. Phone 113.

TELEPHONE TO WALKER

Rumor Regarding a New Line to Walker Revived Again--Northwestern Said to be Contemplating Work.

The annual rumor that there will be a telephone line from Brainerd to Walker has been revived again and it is said that as soon as spring opens up that the Northwestern will have a crew of men at work on the proposed new line.

CURBSTONE CHAT

Supt. J. A. Wilson: All the schools in the county are now supplied with teachers and matters generally in the rural schools are running along smoothly.

Rev. Richard Brown: Commencing with Sunday evening next the beautiful storge, Bunyon's "Pilgrims Progress," will be thrown on the canvas at the First Congregational church. There will be good music.

J. Ruttger, Bay Lake: The road recently in dispute in the district court starts in Aitkin and passes along the banks of Bay lake and does not pass through Mr. Young's land, comes into Brainerd on Oak street and is a county road.

A Horseman: Say, where is our society for the prevention of cruelty to animals? There are a few would-be teamsters handling horses with heavy loads, who don't know as much about driving as the horses do themselves, apparently.

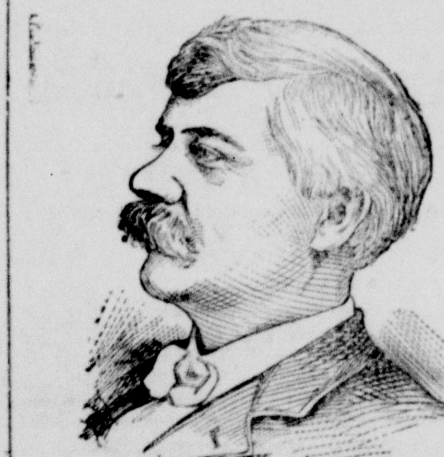

R. R. Wise: I understand there is a syndicate being formed to erect a \$125,000 hotel. That will certainly help some. I am receiving a large number of letters of condolence over the burning of the Arlington, and in the grist this morning there was one from Los Angeles and another from New York, the two extremes, the Pacific and Atlantic.

M. A. CASSIDY

Prominent Educator and Superintendent of Schools Lexington, Ky.

Recommends Vinol as Being the Best Cod Liver Oil Preparation.

There has been of late a good deal of discussion in Brainerd regarding the merits of cod liver oil preparations, and whether or not cod liver oil and emulsions that upset the stomach have any medicinal virtues. Therefore the following letter will be read with interest:

M. A. CASSIDY.

"I am pleased to state that after using different cod liver oil preparations on the market, I find Vinol to be the best of them all. It is palatable and pleasant to the taste; in fact, the oily taste is disguised or done away with entirely, and its strengthening properties are truly remarkable.

"It has built up my system, strengthened my nerves; in fact, it has made a new man of me, enabling me to take up my work with renewed energy and vigor and I heartily endorse Vinol as the most efficacious and agreeable cod liver oil preparation on the market."—M. A. Cassidy.

Knowing that H. P. Dunn & Co., of this city, guarantee this preparation in the strongest manner possible, they were called upon for information. Said Mr. Dunn: "Vinol I firmly believe is the world's greatest preparation of cod liver oil, for it contains in a highly concentrated form every one of the fifty odd medicinal curative elements found in cod liver oil, yet is entirely free from oil or grease.

"Vinol is delicious to taste and acceptable to the weakest stomach. It contains no drugs or poisonous ingredients, and there is no necessity for people to load their stomachs with drugs, nauseating oils or emulsions to obtain the curative power of cod liver oil, for all is contained in Vinol. Vinol is the greatest strength creator and health restorer known to medicine today. We could quote innumerable instances where it has fortified and built up the system, strengthened the nerves, cured indigestion, chronic coughs, colds, bronchitis and incipient consumption, given strength and vigor to the aged, replaced weakness with strength and made the sick well.

"It is for this reason that we offer to give back the money every time if it fails to give satisfaction."—H. P. Dunn & Co., Druggists.

OLD OFFICERS ARE RE-ELECTED

Northern Pacific Bank Stockholders Met Yesterday for Annual Election.

THE DIRECTORS HOLD MEETING

And the Officers of the Bank are Named for Another Year—No Change.

Late yesterday afternoon the stockholders of the Northern Pacific bank held a meeting in the directors' room at the bank building for the purpose of electing the directors for the ensuing year and the following were chosen: Dr. Werner Hemstead, James F. McGinnis, H. D. Treglawny, S. Walker and Henri Ribble.

Immediately after the stockholders' meeting the directors met and elected the old set of officers, tried and true, for the coming year as follows:

President—Dr. Werner Hemstead.
Vice President—J. F. McGinnis.
Cashier—H. D. Treglawny.
Asst. Cashier—J. A. Batchelder.

MUSIC AND DRAMA.

"THE GREAT KILTIES BAND."

Manager Walker is to be congratulated for having secured the "Kilties" Band for a concert at the Brainerd opera house next Monday, January 18. The "Kilties" have been enthusiastically received in nearly every large city in America. The Louisville, Ky., Dispatch says: "Aside from Sousa's organization it is doubtful if any traveling band has been given the reception accorded by Louisville people to 'The Kilties.' The band is a musical organization of the first rank. It is well balanced, and the playing is scholarly and spirited. The rendering of the various standard and classical selections was all that could be desired, and demonstrated thoroughly that Canada has a band that will compare favorably with the leading organizations of its kind in this country."

The famous vocal choir of the Kilties (from 16 to 20 voices) renders "Ye Banks and Braes," "Annie Laurie," "Scots Wha Hae," "The Hundred Pipers," "My Love She's but a Lassie Yet," "Robin Adair," and many other exquisite Scottish songs, harmonized as well as popular American airs. A good indication of the choir's popularity is the fact that at every concert given on the various tours, without exception, their selections were encored from three to six times.

Seats will be placed on sale Saturday at Dunn's for this great attraction.

Hunter's Hot Springs.

It is not necessary for residents of the northwest to go to the south and east for hot water pleasure and curative baths.

Near Springdale, Mont., on the Northern Pacific, are Hunter's Hot Springs, temperature 148 degrees to 168 degrees Fahr., flowing 2000 gallons per minute, 4000 feet above the sea in the foothills of the Crazy mountains, overlooking the Yellowstone river and valley. Good hotels, cottages, bath houses, swimming pool. Rates \$2.50 per day, \$15.00 per week, including baths.

Baths are good for all rheumatic, skin, liver and kidney and stomach diseases. Appointments comfortable and satisfactory. Railway rates low. The region is a natural sanatorium.

For information write J. E. McCormick, Hunter's Hot Springs, Mont., or Chas. S. Fee, C. P. & T. A. Northern Pacific Ry., St. Paul, Minn.

Death of Mrs. Sarah M. Smith.

Mrs. Sarah M. Smith, widow of the late Elias Smith, of Dexter, N. Y., died on January 4 at the home of her sons Eugene E. M. Smith and Chas. E. Smith at Bald Eagle lake, of heart failure. The funeral services were at the family cottage Jan. 6, the Rev. J. C. Robinson officiating, and interment was made at Dexter, N. Y., her son, Eugene E. M. Smith accompanying the remains east. Mrs. Smith was at one time a resident of Brainerd and was well known here. She is survived by her four sons, Thos. E. Smith, of Brainerd; Eugene E. M. Smith and Chas. E. Smith, Bald Eagle Lake, and George C. Smith, of St. Paul, Minn. Mrs. Smith was born on January 25, 1824, at Berningham, N. Y. Mr. and Mrs. T. E. Smith returned yesterday afternoon from Bald Eagle Lake where they attended the funeral.

A GOLDEN OPPORTUNITY

The Dispatch List of Eligibles in Matrimonial Lines will Prove a Very Valuable Guide.

HENRY P. DUNN, who claims no relationship to Mr. Dooley because that dignitary uses the final "e" on his name, is versatile, suave, ingenious, a fluent talker, delightful entertainer, sober and industrious, never goes out with the boys, attends church regularly, occupies a prominent place in social and fraternal circles, enjoys a good joke, has his mind continually on home and home environments, has made a success in business and stands as one of Brainerd's most influential business men today, is interested in the public library, is watchdog of the treasury of the Park Opera House association, has been made Hyomei King, has converted his place of business into a Mecca where hundreds gather for the elixir of life, his store is the home of Vinol, it is under his direction that thousands of headaches are cured in a day throughout the northwest, for he supervises the putting up of Mac's headache powders, and Oh say girls, did you ever see him on the stage? He is certainly the limit, in fact, dear sweet maiden, if there is anything under God's canopy that is good that "Our Henry" is not a potent factor in, then come forth and state it. Henry Dunn has always expressed himself as willing to become the head of some household and in fact he said the other day he came awfully near it once; all he had to do was to secure the consent of the girl herself, and the father, but he was willing. Henry did not consent to his name being used in this column, but the fact that it is here is sufficient guarantee that there will be a grand rush. It has not been announced when the sale will open, but it is a safe bet that Henry will be there and will be as courteous as though dealing out pasteboards for the "Devil's Auction," in fact his place of business is a rendezvous for all mankind and when they enter it seems that the proverbial silver lining to the old cloud of despondency always disappears. Mr. Dunn is the most popular business man in Brainerd today and no one will gainsay this, and he has a smile for everyone and never speaks ill of any man, so girls, what a glorious prospect. He loves the companionship of the ladies, but like other wise men he does not settle down on any one, but loves the whole bunch, being slightly partial, it is thought, to the dear school mams, at least they always find a warm welcome from the genial, wholesouled druggist, and do you know, they nearly all buy their paints, powders and puffs here. BEGINS IN EARNEST.
Trial of A. W. Machen, the Groff Brothers
and Mr. and Mrs. Lorenz.
Washington, Jan. 13.—The trial of
August W. Machen, the Groff brothers
and Mr. and Mrs. George E. Lorenz,
for complicity in the postal frauds, be-
gan in earnest Tuesday. At the out-
set the government scored two points
when Justice Pritchard refused to
make a rule requiring the district at-
torney to select the specific count of
the indictment under which the de-
fendants would be tried and also when
he permitted certain postoffice inspec-
tors to remain in court after the other
witnesses were examined, all of them
in the employ of the postoffice depart-
ment.
Except in the case of Witness How-
ley, chief clerk in the office of the
first assistant postmaster general, the
testimony was devoid of any feature.
Mr. Howley, who had not conclud-
ed his testimony when court adjourned
for the day, was rigidly cross-exam-
ined by Mr. Kumler, of counsel for the
Lorenzes. He admitted that fre-
quently it happened that Machen's in-
itials and signature were placed on
letters or documents or requisitions by
his subordinates and that this prac-
tice had resulted in an order to all di-
vision chiefs prohibiting their delegat-
ing this authority to others.

TORTURED BY BANDITS.
American Converts Robbed and Main-
ed in China.
Peking, Jan. 12.—Missionaries of the
American Board of Foreign Missions
complained strongly recently to United
States Minister Conger that their
converts' houses in the district of Pao
Ting Fu were being looted by bandits
who claimed to be Catholics and that
a reign of terror prevailed in the dis-
trict. The Chinese officials feared to
act and several Christians who re-
fused to pay blackmail were tortured.
Their legs were broken and some died
from their injuries.
Minister Conger requested the gov-
ernment to suppress the bandits, but
his demand was without apparent re-
sult. Secretary Williams after a
week's personal investigation effected
an arrangement with the officials of
the district who promised to protect
the people if Minister Conger would
cease to make complaint, which in-
jured them at the seat of government.
Secretary Williams is not satisfied
that the bandits are Catholics. The
Catholic bishop disclaims them.

WHERE JAPAN IS STRONGER.
J. Sloat Fassett Says Japanese Can
Beat Russians Man For Man.
J. Sloat Fassett of Elmira, who has
traveled in Korea and who is now
interested in mining properties there,
speaking recently in regard to Russian
and Japanese facilities for getting to
strategic points, said:
"The Russians at present have 200,
000 troops scattered about railroads
connecting with Manchuria and about
30,000 in the territory covered by the
railroads leading from Vladivostok.
Japan, with her reserve forces, has an
available army of 600,000. Japan's or-
ganization for moving and sustaining
troops, as was illustrated in the mar-
ch on Peking, is vastly superior to the
Russian organization. Japan could
place 200,000 troops at any point in
Korea, and for that matter at any
point in Manchuria not contiguous to
the railroad, more quickly and in bet-
ter condition than could Russia.
"So far as naval strength is con-
cerned, the Japanese navy is of about
the same tonnage and strength as that
part of the Russian navy in oriental
waters, but the discipline and general
condition of the Japanese navy are con-
sidered superior to the Russian navy.
The Japanese soldiers and sailors, man
for man, can do harder work on less
food and under more trying circum-
stances than can the Russians.

"It is a question of life and death
with Japan. She cannot afford, with
long glances toward the future, to have
Russia in possession or control of Ko-
rea. On the other hand, Russia, hav-
ing expended a billion dollars on her
Siberian railroad for the purpose of
getting an outlet by water, will never
rest content until she has a terminus to
that railroad or more than one terminus
free from ice all the year. Though she
has constructed a port at Dalny, the
breakwaters to protect it have result-
ed in blocking the port with ice during
part of the year. Russia must go
farther south, and in order to gain
her object must take possession of Ko-
rea or of China as far south as Chefu,
which would bring her dangerously
near the English at Weihaiwei and the
Germans at Kiaocheou.

"The situation is not one in which
Japan and Russia only are parties in
interest. England, France, Germany
and the United States have vital inter-
ests, for the whole question is one of
the mastery of the Pacific and control
of future commercial positions."

BRITISH ENVOY'S CLIMB.
Incident of Sticking Elevator Car In
a Washington Building.

There is a special reason for having
efficient elevator service in the state,
war and navy building at Washington
because of the number of important
personages who go from floor to floor
in it, says the New York Post's corre-
spondent. On one recent occasion, for
instance, when the car stuck fast in
the shaft, it contained Sir Henry Mor-
timer Durand, the British ambassador,
and Speaker Cannon. The two men,
as it happened, were not then acquaint-
ed and stood silent in the elevator
wedged in with a dozen government
clerks who had gone to the lower story
to draw their salaries. The car had
lodged about three feet below the de-
sired floor, and all the elevator man's
manipulation of the machinery was
unable to budge it.

After a few minutes in a situation
like that, which furnishes the principal
motive of one of Mr. Howells' plays,
Mr. Cannon's direct and impatient
mind asserted itself. "Young man," he
said to the elevator, "it seems to me I
can get up to that floor by myself
quicker than you can carry me." And
he forthwith proceeded to clamber up
to the floor level, leaving the gate open
behind him, brushed off his clothes and
went on about his business.

None of the other passengers in the
elevator ventured to follow at once, but
all drew back to see what the ambas-
sador would do. Being not only a man
of resource, but also one of athletic
build, he promptly climbed out after
the speaker. There is a dreadful pos-
sibility of diplomatic complications
should European sovereigns ever be in-
formed that our government, by means
of its elevator service, compelled the
personal representative of a friendly
monarch to approach the secretary of
state from a distance of a hundred
feet or more on hands and knees.

Georgia as a Marble State.
As a marble producing state Georgia
may rival Vermont. The marble belt
is about sixty miles in length, extend-
ing in a southwesterly direction from
the North Carolina line through Pick-
ens county. The supply is practically
inexhaustible, as the depth of the de-
posit in many places is over 100 feet.
Both white and colored varieties are
found. The characteristics of the Georgia
marble are purity of chemical com-
position, uniform texture and peculiar
crystalline structure, rendering it re-
markably durable because of its slow
absorption of water.

The New Year's Question.
What will the new year bring of weal or
woe?
Will it be blest or cursed, O Fate benign?
Shall we see nations drawn in battle
line?
Or shall sweet Peace her gifts bestow?
Shall Fortune smile or frown on this fair
land?
Who shall be called her people to com-
mand?
Would it were given us this opening year
to know.
Our country's tide of grace, will it ebb or
flow?
These are the questions that men ask to-
day.
And for some answer meekly beg and
pray.
Not witting that, could art of wizard show
The future as we clearly see the past.
Perchance we might look forward with
dismay
Or happier, wish the months to speed
too fast.

WANTED IN MANY PLACES.
Alleged Forger and Bank Swindler
Under Arrest.
San Francisco, Jan. 13.—Holbrook
Eppill, a self-confessed forger and
bank swindler, who is wanted in var-
ious quarters of the United States on
about 100 different charges, was ar-
rested here Tuesday, Sheriff Shipman
of Kalamazoo, Mich., assisting in the
capture. Three drafts for \$50 each,
ready to be passed, were found among
his papers. He also had an indicator,
rubber stamp and other paraphernalia.
After his arrest Eppill confessed to
his profitable operations of the past
few years, which had extended from
St. Paul to New Orleans.

TERRIFIC POWDER EXPLOSION.
Two Men Killed and the Plant Par-
tially Destroyed.
Peoria, Ill., Jan. 13.—A terrific ex-
plosion at the Buckeye Powder mill,
fifteen miles west of here, resulted in
the death of two employees and the par-
tial destruction of the plant. Twenty
thousand pounds of blasting powder
blew up and the noise of the explo-
sion, which shook the earth for miles
around, was plainly heard in Peoria.
William Justice and Leonard Shaller,
the two employees killed, were blown
300 feet in the air and a distance of
100 yards from the scene.

Funeral of Ex-Governor Foster.
Fostoria, O., Jan. 13.—The funeral
of the late ex-Governor Foster was
held during the afternoon, with many
distinguished persons in attendance.
Among those present were Governor
Herrick and ex-Governor Nash, who
arrived on a special train from Colum-
bus shortly before the services began.

Dowie Colony for Texas.
El Paso, Tex., Jan. 13.—John Alex-
ander Dowie arrived from the East
and spent several hours here Tuesday.
He visited Juarez, Mexico, and drove
over the city. He says that he will
establish a colony in Texas. Dr.
Dowie left at night for San Francisco.

Kills His Wife and Himself.
Asheville, N. C., Jan. 13.—George
Corn, a farmer living near
Hominy Creek, N. C., shot and killed
his wife Tuesday. He then walked
into a field near his home and blew
his brains out.

DRIGGS GETS LIGHT SENTENCE.
Imprisonment for One Day and a Fine
of \$1,000.

New York, Jan. 13.—Ex-Congress-
man Edmund H. Driggs of Brooklyn
has been sentenced to imprisonment
for one day in Raymond street jail
and to pay a fine of \$1,000.
Driggs was convicted of accepting
money while a congressman-elect for
securing a government contract for
the purchase of automatic cashiers
from the Brandt-Dent company for the
postoffice department.

Strike to Be Resumed.
Chicago, Jan. 13.—The strike of the
livery drivers will be resumed Thurs-
day morning, unless a settlement is
reached today. A truce that had been
arranged because of the Iroquois fire
ended Tuesday night with the employ-
ers still firm in their refusal to grant
increased wages or other concessions
asked.

Steel Works to Resume.
Pittsburg, Jan. 13.—After a suspen-
sion of several weeks for repairs it is
announced that the Edgar Thomson
steel works will resume operations in
full today, giving employment to 2,500
men.

Many Troops in the Field.
Montevideo, Uruguay, Jan. 13.—The
finance minister has resigned. While
a large number of government troops
are in the field, no serious engravement
with the revolutionists has been re-
ported. Representatives of the com-
mercial interests of the country are
working actively for peace.

BEGINS IN EARNEST.
Trial of A. W. Machen, the Groff Brothers
and Mr. and Mrs. Lorenz.
Washington, Jan. 13.—The trial of
August W. Machen, the Groff brothers
and Mr. and Mrs. George E. Lorenz,
for complicity in the postal frauds, be-
gan in earnest Tuesday. At the out-
set the government scored two points
when Justice Pritchard refused to
make a rule requiring the district at-
torney to select the specific count of
the indictment under which the de-
fendants would be tried and also when
he permitted certain postoffice inspec-
tors to remain in court after the other
witnesses were examined, all of them
in the employ of the postoffice depart-
ment.
Except in the case of Witness How-
ley, chief clerk in the office of the
first assistant postmaster general, the
testimony was devoid of any feature.
Mr. Howley, who had not conclud-
ed his testimony when court adjourned
for the day, was rigidly cross-exam-
ined by Mr. Kumlir, of counsel for the
Lorenzes. He admitted that fre-
quently it happened that Machen's in-
itials and signature were placed on
letters or documents or requisitions by
his subordinates and that this prac-
tice had resulted in an order to all di-
vision chiefs prohibiting their delegat-
ing this authority to others.

TORTURED BY BANDITS.
American Converts Robbed and Maimed in China.

Peking, Jan. 13.—Missionaries of the
American Board of Foreign Missions
complained strongly recently to United
States Minister Conger that their con-
verts' houses in the district of Pao
Ting Fu were being looted by bandits
who claimed to be Catholics and that
a reign of terror prevailed in the dis-
trict. The Chinese officials feared to
act and several Christians who re-
fused to pay blackmail were tortured.
Their legs were broken and some died
from their injuries.

Minister Conger requested the govern-
ment to suppress the bandits, but his
demand was without apparent result.
Secretary Williams after a
week's personal investigation effected
an arrangement with the officials of
the district who promised to protect
the people if Minister Conger would
cease to make complaint, which in-
jured them at the seat of government.
Secretary Williams is not satisfied that
the bandits are Catholics. The
Catholic bishop disclaims them.

WHERE JAPAN IS STRONGER.

J. Sloat Fassett Says Japanese Can
Beat Russians Man For Man.

J. Sloat Fassett of Elmira, who has
traveled in Korea and who is now
interested in mining properties there,
speaking recently in regard to Russian
and Japanese facilities for getting to
strategic points, said:

"The Russians at present have 200,
000 troops scattered about railroads
connecting with Manchuria and about
80,000 in the territory covered by the
railroads leading from Vladivostok.
Japan, with her reserve forces, has an
available army of 600,000. Japan's or-
ganization for moving and sustaining
troops, as was illustrated in the march
on Peking, is vastly superior to the
Russian organization. Japan could
place 200,000 troops at any point in
Korea, and for that matter at any
point in Manchuria not contiguous to
the railroad, more quickly and in bet-
ter condition than could Russia.

"So far as naval strength is con-
cerned, the Japanese navy is of about
the same tonnage and strength as that
of the Russian navy in oriental wa-
ters, but the discipline and general
condition of the Japanese navy are con-
sidered superior to the Russian navy.
The Japanese soldiers and sailors, man
for man, can do harder work on less
food and under more trying circum-
stances than can the Russians.

"It is a question of life and death
with Japan. She cannot afford, with
long glances toward the future, to have
Russia in possession or control of Ko-
rea. On the other hand, Russia, hav-
ing expended a billion dollars on her
Siberian railroad for the purpose of
getting an outlet by water, will never
rest content until she has a terminus
at that railroad or more than one terminus
free from ice all the year. Though she
has constructed a port at Dalny, the
breakwaters to protect it have result-
ed in blocking the port with ice during
part of the year. Russia must go
farther south, and in order to gain
her object must take possession of Ko-
rea or of China as far south as Cheifu,
which would bring her dangerously
near the English at Weihaiwei and the
Germans at Kiaochoo.

"The situation is not one in which
Japan and Russia only are parties in
interest. England, France, Germany
and the United States have vital inter-
ests, for the whole question is one of
the mastery of the Pacific and control
of future commercial positions."

BRITISH ENVOY'S CLIMB.

Incident of Sticking Elevator Car In
a Washington Building.

There is a special reason for having
efficient elevator service in the state,
war and navy building at Washington
because of the number of important
personages who go from floor to floor
in it, says the New York Post's corre-
spondent. On one recent occasion, for
instance, when the car stuck fast in
the shaft, it contained Sir Henry Mor-
timer Durand, the British ambassador,
and Speaker Cannon. The two men,
as it happened, were not then acquaint-
ed and stood silent in the elevator
wedged in with a dozen government
clerks who had gone to the lower story
to draw their salaries. The car had
lodged about three feet below the de-
sired floor, and all the elevator man's
manipulation of the machinery was
unable to budge it.

After a few minutes in a situation
like that, which furnishes the principal
motive of one of Mr. Howells' plays,
Mr. Cannon's direct and impatient
mind asserted itself. "Young man," he
said to the elevator, "it seems to me I
can get up to that floor by myself
quicker than you can carry me." And
he forthwith proceeded to clamber up
to the floor level, leaving the gate open
behind him, brushed off his clothes and
went on about his business.

None of the other passengers in the
elevator ventured to follow at once, but
all drew back to see what the ambassa-
dor would do. Being not only a man
of resource, but also one of athletic
build, he promptly climbed out after
the speaker. There is a dreadful possi-
bility of diplomatic complications
should European sovereigns ever be in-
formed that our government, by means
of its elevator service, compelled the
personal representative of a friendly
monarch to approach the secretary of
state from a distance of a hundred
feet or more on hands and knees.

Georgia as a Marble State.

As a marble producing state Georgia
is rival Vermont. The marble belt
is about sixty miles in length, extend-
ing in a southwesterly direction from
the North Carolina line through Pick-
ens county. The supply is practically
inexhaustible, as the depth of the de-
posit in many places is over 100 feet.
Both white and colored varieties are
found. The characteristics of the Geor-
gia marble are purity of chemical com-
position, uniform texture and peculiar
crystalline structure, rendering it re-
markably durable because of its slow
absorption of water.

The New Year's Question.

What will the new year bring of weal or
woe?
Will it be blest or cursed, O Fate benign?
Shall we see nations drawn in battle
line,
Or shall sweet Peace her gifts bestow?

Shall Fortune smile or frown on this fair
land?
Who shall be called her people to com-
mand?

Would it were given us this opening year
to know
Our country's tide of grace, will't ebb or
flow?

These are the questions that men ask to-
day
And for some answer meekly beg and
pray.

Not witting that, could art of wizard show
The future as we clearly see the past.
Perchance we might look forward with
dismay
Or, happier, wish the months to speed
too fast.

WANTED IN MANY PLACES.

Alleged Forger and Bank Swindler
Under Arrest.

San Francisco, Jan. 13.—Holbrook
Eppill, a self-confessed forger and
bank swindler, who is wanted in var-
ious quarters of the United States on
about 100 different charges, was ar-
rested here Tuesday, Sheriff Shipman
of Kalamazoo, Mich., assisting in the
capture. Three drafts for \$50 each,
ready to be passed, were found among
his papers. He also had an indicator,
rubber stamp and other paraphernalia.
After his arrest Eppill confessed to
his profitable operations of the past
few years, which had extended from
St. Paul to New Orleans.

TERRIFIC POWDER EXPLOSION.

Two Men Killed and the Plant Par-
tially Destroyed.

Peoria, Ill., Jan. 13.—A terrific ex-
plosion at the Buckeye Powder mills,
fifteen miles west of here, resulted in
the death of two employees and the par-
tial destruction of the plant. Twenty
thousand pounds of blasting powder
blew up and the noise of the explo-
sion, which shook the earth for miles
around, was plainly heard in Peoria.
William Justice and Leonard Shaller,
the two employees killed, were blown
350 feet in the air and a distance of
400 yards from the scene.

Funeral of Ex-Governor Foster.

Postoria, O., Jan. 13.—The funeral
of the late ex-Governor Foster was
held during the afternoon, with many
distinguished persons in attendance.
Among those present were Governor
Herrick and ex-Governor Nash, who
arrived on a special train from Colum-
bus shortly before the services began.

Dowie Colony for Texas.

El Paso, Tex., Jan. 13.—John Alex-
ander Dowie arrived from the East
and spent several hours here Tuesday.
He visited Juarez, Mexico, and drove
over the city. He says that he will
establish a colony in Texas. Dr.
Dowie left at night for San Francisco.

Kills His Wife and Himself.

Asheville, N. C., Jan. 13.—George
Corn, a farmer living near
Hornby Creek, N. C., shot and killed
his wife Tuesday. He then walked
into a field near his home and blew
his brains out.

DRIGGS GETS LIGHT SENTENCE.

Imprisonment for One Day and a Fine
of \$1,000.

New York, Jan. 13.—Ex-Congress-
man Edmund H. Driggs of Brooklyn
has been sentenced to imprisonment
for one day in Raymond street jail
and to pay a fine of \$1,000.

Driggs was convicted of accepting
money while a congressman-elect for
securing a government contract for
the purchase of automatic cashiers
from the Brandt-Dent company for the
postoffice department.

Strike to Be Resumed.

Chicago, Jan. 13.—The strike of the
livery drivers will be resumed Thurs-
day morning, unless a settlement is
reached today. A truce that had been
arranged because of the Illinois fire
ended Tuesday night with the employ-
ees still firm in their refusal to grant
increased wages or other concessions
asked.

Steel Works to Resume.

Pittsburg, Jan. 13.—After a suspen-
sion of several weeks for repairs it is
announced that the Edgar Thomson
steel works will resume operations in
full today, giving employment to 2,500
men.

Many Troops in the Field.

Montevideo, Uruguay, Jan. 13.—The
finance minister has resigned. While
a large number of government troops
are in the field, no serious engagement
with the revolutionists has been re-
ported. Representatives of the com-
mercial interests of the country are
working actively for peace.

Trial of A. W. Machen, the Groff Brothers
and Mr. and Mrs. Lorenz.
Washington, Jan. 13.—The trial of
August W. Machen, the Groff brothers
and Mr. and Mrs. George E. Lorenz,
for complicity in the postal frauds, be-
gan in earnest Tuesday. At the out-
set the government scored two points
when Justice Pritchard refused to
make a rule requiring the district at-
torney to select the specific count of
the indictment under which the de-
fendants would be tried and also when
he permitted certain postoffice inspec-
tors to remain in court after the other
witnesses were examined, all of them
in the employ of the postoffice depart-
ment.
Except in the case of Witness How-
ley, chief clerk in the office of the
first assistant postmaster general, the
testimony was devoid of any feature.
Mr. Howley, who had not conclu-
ded his testimony when court adjourned
for the day, was rigidly cross-exam-
ined by Mr. Kumler, of counsel for
the Lorenzes. He admitted that fre-
quently it happened that Machen's in-
itials and signature were placed on
letters or documents or requisitions by
his subordinates and that this prac-
tice had resulted in an order to all di-
vision chiefs prohibiting their delegat-
ing this authority to others.

TORTURED BY BANDITS.
American Converts Robbed and Maimed
in China.
Peking, Jan. 12.—Missionaries of the
American Board of Foreign Missions
complained strongly recently to United
States Minister Conger that their con-
vert houses in the district of Pao
Ting Fu were being looted by bandits
who claimed to be Catholics and that
a reign of terror prevailed in the dis-
trict. The Chinese officials feared to
act and several Christians who re-
fused to pay blackmail were tortured.
Their legs were broken and some died
from their injuries.
Minister Conger requested the gov-
ernment to suppress the bandits, but
his demand was without apparent re-
sult. Secretary Williams after a
week's personal investigation effected
an arrangement with the officials of
the district who promised to protect
the people if Minister Conger would
cease to make complaint, which in-
jured them at the seat of government.
Secretary Williams is not satisfied
that the bandits are Catholics. The
Catholic bishop disclaims them.

BRITISH ENVOY'S CLIMB.
Incident of Sticking Elevator Car In
a Washington Building.

There is a special reason for having
efficient elevator service in the state,
war and navy building at Washington
because of the number of important
personages who go from floor to floor
in it, says the New York Post's cor-
respondent. On one recent occasion, for
instance, when the car stuck fast in
the shaft, it contained Sir Henry Mor-
timer Durand, the British ambassador,
and Speaker Cannon. The two men,
as it happened, were not then acquaint-
ed and stood silent in the elevator
wedged in with a dozen government
clerks who had gone to the lower story
to draw their salaries. The car had
lodged about three feet below the de-
sired floor, and all the elevator man's
manipulation of the machinery was
unable to budge it.

After a few minutes in a situation
like that, which furnishes the principal
motive of one of Mr. Howells' plays,
Mr. Cannon's direct and impatient
mind asserted itself. "Young man," he
said to the elevator, "it seems to me I
can get up to that floor by myself
quicker than you can carry me." And
he forthwith proceeded to clamber up
to the floor level, leaving the gate open
behind him, brushed off his clothes and
went on about his business.

None of the other passengers in the
elevator ventured to follow at once, but
all drew back to see what the ambas-
sador would do. Being not only a man
of resource, but also one of athletic
build, he promptly climbed out after
the speaker. There is a dreadful possi-
bility of diplomatic complications
should European sovereigns ever be in-
formed that our government, by means
of its elevator service, compelled the
personal representative of a friendly
monarch to approach the secretary of
state from a distance of a hundred
feet or more on hands and knees.

Georgia as a Marble State.
As a marble producing state Georgia
may rival Vermont. The marble belt
is about sixty miles in length, extend-
ing in a southwesterly direction from
the North Carolina line through Pick-
ens county. The supply is practically
inexhaustible, as the depth of the de-
posit in many places is over 100 feet.
Both white and colored varieties are
found. The characteristics of the Geor-
gia marble are purity of chemical com-
position, uniform texture and peculiar
crystalline structure, rendering it re-
markably durable because of its slow
absorption of water.

The New Year's Question.
What will the new year bring of weal or
woe?
Will it be blest or cursed, O Fate benign?
Shall we see nations drawn in battle
line
Or shall sweet Peace her gifts bestow?
Shall Fortune smile or frown on this fair
land?
Who shall be called her people to com-
mand?
Would it were given us this opening year
to know
Our country's tide of grace, will't ebb or
flow?
These are the questions that men ask to-
day
And for some answer meekly beg and
pray.
Not witting that, could art of wizard show
The future as we clearly see the past.
Perchance we might look forward with dismay
Or, happier, wish the months to speed
too fast.

WANTED IN MANY PLACES.
Alleged Forger and Bank Swindler
Under Arrest.
San Francisco, Jan. 13.—Holbrook
Eppill, a self-confessed forger and
bank swindler, who is wanted in var-
ious quarters of the United States on
about 100 different charges, was ar-
rested here Tuesday. Sheriff Shipman
of Kalamazoo, Mich., assisting in the
capture. Three drafts for \$50 each,
ready to be passed, were found among
his papers. He also had an indicator,
rubber stamp and other paraphernalia.
After his arrest Eppill confessed to
his profitable operations of the past
few years, which had extended from
St. Paul to New Orleans.
TERRIFIC POWDER EXPLOSION.
Two Men Killed and the Plant Par-
tially Destroyed.
Peoria, Ill., Jan. 13.—A terrific ex-
plosion at the Buckeye Powder mills,
fifteen miles west of here, resulted in
the death of two employees and the par-
tial destruction of the plant. Twenty
thousand pounds of blasting powder
blew up and the noise of the explo-
sion, which shook the earth for miles
around, was plainly heard in Peoria.
William Justice and Leonard Shaller,
the two employees killed, were blown
300 feet in the air and a distance of
400 yards from the scene.
Funeral of Ex-Governor Foster.
Fostoria, O., Jan. 13.—The funeral
of the late ex-Governor Foster was
held during the afternoon, with many
distinguished persons in attendance.
Among those present were Governor
Herrick and ex-Governor Nash, who
arrived on a special train from Colum-
bus shortly before the services began.

Dowie Colony for Texas.
El Paso, Tex., Jan. 13.—John Alex-
ander Dowie arrived from the East
and spent several hours here Tuesday.
He visited Juarez, Mexico, and drove
over the city. He says that he will
establish a colony in Texas. Dr.
Dowie left at night for San Francisco.

Kills His Wife and Himself.
Asheville, N. C., Jan. 13.—George
Corn, a farmer living near
Hornly Creek, N. C., shot and killed
his wife Tuesday. He then walked
into a field near his home and blew
his brains out.

DRIGGS GETS LIGHT SENTENCE.
Imprisonment for One Day and a Fine
of \$1,000.
New York, Jan. 13.—Ex-Congress-
man Edmund H. Driggs of Brooklyn
has been sentenced to imprisonment
for one day in Raymond street jail
and to pay a fine of \$1,000.

Driggs was convicted of accepting
money while a congressman-elect for
securing a government contract for
the purchase of automatic cashiers
from the Brandt-Dent company for the
postoffice department.

Strike to Be Resumed.
Chicago, Jan. 13.—The strike of the
livery drivers will be resumed Thurs-
day morning, unless a settlement is
reached today. A truce that had been
arranged because of the Iroquois fire
ended Tuesday night with the employ-
ees still firm in their refusal to grant
increased wages or other concessions
asked.

Steel Works to Resume.
Pittsburg, Jan. 13.—After a suspen-
sion of several weeks for repairs it is
announced that the Edgar Thomson
steel works will resume operations in
full today, giving employment to 2,500
men.

Many Troops in the Field.
Montevideo, Uruguay, Jan. 13.—The
finance minister has resigned. While
a large number of government troops
are in the field, no serious engagement
with the revolutionists has been re-
ported. Representatives of the com-
mercial interests of the country are
working actively for peace.
